Logging in

Navigate to <https://news.ales.ualberta.ca>

The screenshot shows the homepage of the ALES News website. At the top left is the University of Alberta logo. To the right, there are navigation links: "Find a Person", "ONEcard", "Bear Tracks", "Maps", "Email & Apps", "eClass", "Libraries", and "ALESTech". Below the logo is the text "ALES News" and "Faculty of Agricultural, Life & Environmental Sciences". A search bar is located on the right side of the header. A navigation menu below the header includes "HOME" and "NEWS ARCHIVE". The main content area features three news items, each with a thumbnail image and a "Read More" link. On the right side, there are sections for "All ALES News" and "News Categories" with a list of departmental links.

Selecting a type of story to submit

There are two types of stories:

- a) Content stories where words, links, and a feature image are submitted via a submission form
- b) 'In the Media' story where teaser text, links and a feature image are submitted via a different form

The screenshot shows the ALES News website interface. At the top left is the University of Alberta logo. To the right is a navigation menu with links: Find a Person | ONEcard | Bear Tracks | Maps | Email & Apps | eClass | Libraries | ALESTech. Below this is a green header bar with 'ALES News' and 'Faculty of Agricultural, Life & Environmental Sciences' on the left, and a search box on the right. A navigation bar below the header contains 'HOME' (1), 'NEWS ARCHIVE' (with a dropdown arrow), and 'LOGOUT' (5). The main content area is titled 'Select a news story type' and includes the instruction 'Select the type of news item you want to create:'. There are two radio button options: 'News story with content' (2) and ''In the Media' story with link to external site' (3). Below these is an 'Edit' link. At the bottom of the page, there is a footer with the University of Alberta logo and a link 'Create a news item (ALES password required)' (4).

Also on this page:

- 1) Home – returns you to the ales.news.ualberta.ca landing page
- 2) Opens the form to enter a news story where we have text, links, and a feature image.
- 3) Opens the form to enter a LINK, teaser, and feature image (if available) to an EXTERNAL news story.
- 4) When logged in, reloads the Select a news story type page – otherwise prompts for the user to login.
- 5) Logout of this session

Creating a news item

Fill out the appropriate form with special attention to the items listed below.

Feature Images

News item feature image

This image will appear with the news item, and will also be included in any news rollup if images are enabled in that rollup. Image dimensions: 800px wide by 400px tall.

No file chosen

Feature images appear at the top of every news item as well as beside the image in supported news rollups.

Plant-based alternatives won't replace meat anytime soon, say experts

📅 January 17, 2020

Products like Beyond Meat are making a big splash in the market and the media, but changing eating habits will take longer, study shows.

By JUSTIN DUPUIS

Despite the increasing popularity of plant-based protein alternatives like Beyond Meat hamburgers, a new U of A study suggests that changing attitudes about meat consumption in many western nations is a slow and complicated process.

In a recently published study in *Appetite*, U of A food marketing expert Ellen Goddard and her colleagues from the University of Adelaide discovered that Australian meat consumers had "varying levels of willingness to make changes to their protein consumption."

If no feature image is submitted, none will appear on the story page.

Categories

When creating a story, categories ensure the story will be cross-filtered to the appropriate pages within all departmental and unit pages.

IMPORTANT: You must select the **Faculty of Agricultural, Life & Environmental Sciences** category. This ensures the story will appear on the faculty home page, as well as other pages.

Categories *
Select departments, units, or logical groups that are covered or impacted by this story. You must select at least one category.

Remember to select Faculty of Agricultural, Life & Environmental Sciences for your story to appear in the main faculty news pages.

- ALES in the media
- Department of Agricultural, Food & Nutritional Science
- Department of Human Ecology
- Department of Renewable Resources
- Department of Resource Economics and Environmental Sociology
- Faculty of Agricultural, Life & Environmental Sciences **SELECT THIS CATEGORY!**
- Folio
- University of Alberta Botanic Garden

Submitting a news item

After completing the form, click on the **NEXT** button to **proofread** the elements submitted.

Tags and keywords

Separate keyword or keyword-groups by commas. Keywords are searchable and are automatically linked.
