

Modern Veterinary Therapeutics

DIN #02532115

Gonavet™

Introducing a game changer for cattle reproduction.

It's not just another GnRH. **Gonadorelin [6-D-Phe]** is the first of its kind in Canada. A substitution at amino acid position six improves receptor affinity and enzyme resistance.

Western Canadian Dairy Seminar

Veterinarians are invited to enjoy **appetizers and cocktails.**

Tuesday March 7th
5:00 - 6:30 pm

Red Deer Resort & Casino
in the Palermo room.
